

# SARPA NEGOTIATES FIREARMS INSURANCE FOR AFFILIATED CLUB'S MEMBERS

SARPA has negotiated a firearms insurance policy for affiliated Club's members who are capitated with SARPA. A motion was passed at the 2017 AGM to proceed with obtaining this insurance policy. The insurance is for **ALL** of SARPA - and the cost of obtaining this insurance policy has been incorporated into the 2017 -18 Capitation Fee. **There is no opt out available.** The cost to each and every capitated person is \$5.00 per capitation year commencing with the capitation for the 2017-18 (commencing 1st November 2017).

This firearms insurance covers up to \$12,000 per capitated member anywhere in Australia and/or New Zealand (and also includes 21 days travelling overseas). There is a \$50 excess on each claim. Claims are managed directly between the firearms owner and Marsh Insurance.

The insurance covers, in addition to firearms, the following equipment (when in use):

- Spotting Scope
- Gun Case/Bag
- Tools used for the firearm
- Holsters
- Scopes (mounted on firearms)
- Magazine or speedloaders that are in use with the relevant firearm

(**Note:** There are still a few grey areas about some items of equipment which are still being negotiated between SARPA and Marsh Insurance. If you have any specific questions, you can contact Account Executives **Lauren Coburn** (08 8385 3616) or **Janine Hook** (08 8385 3624).

The insurance **DOES NOT** cover ear muffs, clothes, timers or any specialized clothing. These items are generally covered by your normal household insurance.

## Accidental damage and malicious damage:

This includes loss or damage caused by, or arising from, a sudden and/or unforeseen accident. This includes theft from a securely locked building or vehicle. **Theft cover is conditional on the firearms being securely stored in an approved gun safe when the firearm(s) are not in active use - or as specified in the Firearms Regulations 2017.** No cover will be provided under this policy where the insured, or any other person or entity the equipment has been entrusted to, **has breached any law relating to either the storage or use of the firearm(s).**

## Extended coverage and what extra would this offer?

If you feel you need more than \$12,000 coverage the opportunity exists to increase your personal cover directly with Marsh Insurance (for example, an extra \$10 premium, payable directly to Marsh Insurance, would provide additional coverage up to \$25,000). Other coverage that may be more specific to your needs **may be negotiable** directly with Marsh Insurance.

## When does the coverage start?

**The coverage commences from 1st November 2017 and the \$5.00 has been included in this year's capitation.**

**NOTE:** Once this firearms insurance is in place, it may be possible to reduce your normal household insurance since your firearms are now being covered by Marsh Insurance.
